

PRODUCT:

QTY:

ITEM#

Specifications:

Shall be a CookTek induction wok, Model _____ with a total kW rating of _____. Unit shall be manufactured in the United States and constructed of a stainless steel housing with a specially engineered, high-impact, high-temperature, recessed plastic wok bowl to accommodate wok pan. Unit shall be equipped with a built-in SmarTemp[™] microprocessor that performs auto shut-off to prevent over-heating, self-diagnostics, and a pan maximizer feature that ensures maximum heating of induction compatible wok pans. Unit shall have adjustable knob control with 20 power cook settings. Unit shall operate on _____ power with cord and plug supplied.

Standard Features:

- Portable tabletop design with stainless steel edging, aluminum housing, heavy duty electronic components, and specially engineered, high-impact, high-temperature, recessed plastic wok bowl designed for use in commercial kitchens
- Induction coil surrounds plastic bowl to allow for maximum heating of induction compatible wok pan
- Control knob for ease of use and automatic power
- 20 power cook settings
- Pan Maximizer feature achieves maximum heating rate of induction compatible wok pan
- Sloped front panel allows for easy viewing and operation.
- Microprocessor monitors vital components 120 times per second to check for overheating, power supply problems, and more. Cooktop shuts off and displays error codes enabling user to diagnose and fix minor problems
- LED display for precise user feedback
- Automatic pan detection allows for instant energy transmission to pan, and no energy use when pan is not present
- Automatic shut-off feature prohibits over-heating
- Easy-to-clean surface
- Integral cooling fan keeps internal electronics cool
- Available in 1800 Watts (100-120V)
- One year limited warranty
- Made in the USA

FREE-STANDING INDUCTION WOK MW-1800

SPECIFICATIONS:

MW-1800

Power requirements	100-120V, 1PH
Power consumption	1800 Watts
BTU comparison	16,000 BTU
Voltage	100-120V, 50/60Hz
Amperage	15 amps (at max. setting)
Power range	100-1800W
Surface dimensions (inches)	17.25L x 14.75W x 6.90H
Weight	19.1 lbs.
Packaged weight	22.0 lbs.
Packaging (inches) dimensions	24.0L x 18.0W x 10.0H
North American Cord length & plug*	6 Ft., NEMA 5-15P
Warranty	One year limited warranty
Cooling clearance	2" for front, sides and rear

*Dedicated circuit required. Ambient not exceeding 104° F

Note: Many local codes exist, and it is the Owner and Installer's responsibility to comply with those codes. It's CookTek's policy to continually improve its products, and we reserve the right to change or improve our specifications without notification.
